

## **TYSL Club Pass Policy**

**CLUB PASS PLAYER:** A Club Pass Player is a properly registered player allowed to participate with a team during league play as long as they meet certain stipulations. Club Pass players must be officially rostered to a primary team within the SAME CLUB as the Club Pass team and their primary team must be playing in TYSL. Suspended players are not eligible to Club Pass until the time they have served their full suspension with their primary team.

TYSL follows the Club Pass Rules as they are set by STYSA. For the full set of rules governing Club pass, visit [Section 3.9 of the STYSA Rules and Procedures](#).

In addition to the STYSA Rules and Procedures for Club Pass, TYSL League will require all approved Club Player Passes to be added to the game roster via the Club Pass Player tool in GotSport. Lastly, you will need to email Maria Pham the following information, for each player, no later than 6pm on the Thursday before the game, for the Club Pass Player(s) to be approved:

- Player's Name (as it appears in GotSport)
- Primary Team
- Club Pass Team

The Club Pass Player Request will not be approved unless the Club Pass Player(s) are properly set-up in GotSport, and the required information detailed above is submitted via email for approval.
